Classic pinstriping designs to cut or print

Thirty years ago, VectorArt.com asked several top pinstripers to share some of their favorite designs as clip art for vinyl cutting. The result was a remarkable collection of traditional pinstriping that many sign makers have used for decades as an add-on to upsell routine truck lettering jobs to include pinstriping. You can download 225 classic pinstriping designs for \$29.95 instantly.

Trotec adds regional service and support center in Phoenix

Trotec's new regional service and support center has opened in Phoenix, Arizona, and joins their 11 other centers from coast to coast. Fully equipped with lasers, materials and accessories for laser demonstrations, educational workshops and materials testing, it will support a growing number of educational workshops designed to provide training and promote an understanding of how lasers can add value to a sign business.
